ESTABLISHED SINCE 1971

March 27, 2006

Technical Industries, Inc. appoints new
Independent Oversight Review Board Independent Auditor.

Technical Industries, Inc. announced February 16, 2006 the appointment of LSRH Oversight review Board independent auditor.

LSRH has emphasis on public companies and S.E.C. Regulation, the firm will bring a unique understanding of Technical Industries, Inc. unique type of high-tech energy services.

LSRH will be working along the well-known Lafayette, Louisiana accounting firm of *Thibodaux Hebert Deshotel LeBlanc & Associates* who will assist ***LSRH*** and provide tax accounting services for both public and private companies.

Technical Industries, Inc. is a world known company established since May of 1971. Through out the years the company is well known for introducing many inventions including the wall-thickness data package and the Visonic™ 3D virtual imaging system which revolutionized the Oil & Gas exploration and enabled the oil companies to reach energy reserves that present technology does not allow them to reach.
